Service

Integrity

cultural ntecedents

Enterprise culture

Operation Principle

Talent is the key Independently Innovation
Manage Development Service first

Management Aim

Drive the enterprise to the top
committed to excellence management

Market Positioning

market position : high-end auto market
Explore international auto parts market
Promotion company's electronic business platform

Enterprise culture

Sales targets

Sales grew by 15% yearly

Employing standard

Enterprise emphasize a person's ability (performance), rather than educational qualifications or other things, employees for positioning according to ability, heaven helps those who help themselves, treat the job as Increase Your Willpower, call upon successful place, the boss as the first customer!

企业文化

quality policy

People-centered policy create win-win

quality goals

1. defective rate < 80PPM
2. Customer Satisfaction Rate $\geq 96\%$
3. major security accident = 0

quality——The life of the enterprise

quality——The future of the enterprise

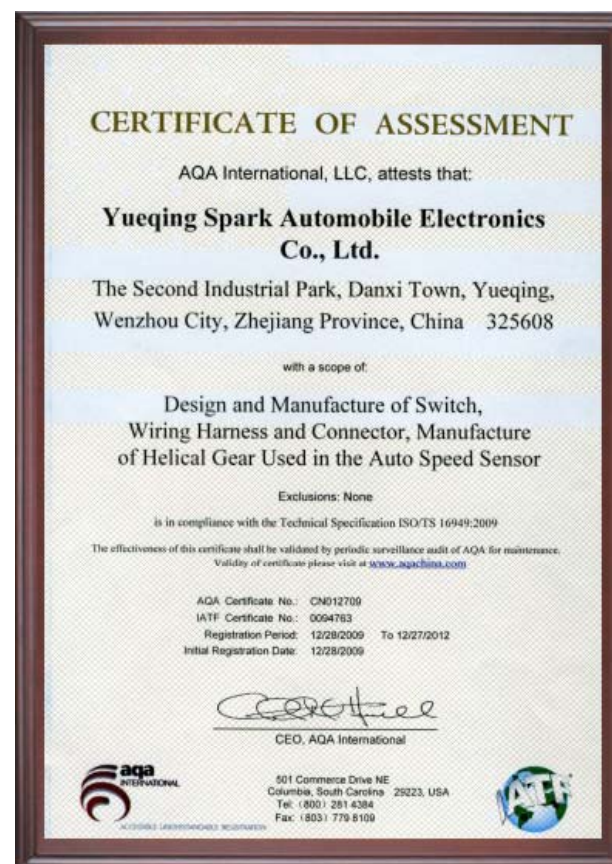

quality——the potential of the enterprise

quality——success across of the enterprise

Enterprise
qualification

We passed the ISO/TS16949:2009 international quality
system authentication in 2009

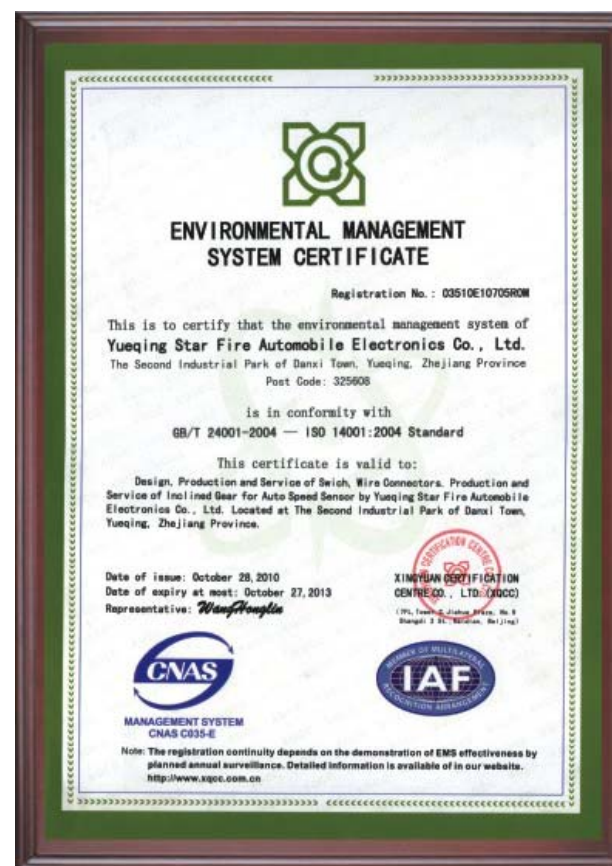

www.xinghuo.com

Enterprise
qualification

We passed the ISO / 14001 environmental management
system certification in 2010

Enterprise
qualification

We passed OHSAS18001 occupational health and safety management system certification in 2010

Rocker Switch certificate

Practical new-type patent certificate

J68CC High-current switch
